

THE DIVEZONE

PADI Rescue Diver Course Details

Challenging and rewarding best describes the PADI Rescue Diver course. This course will expand your knowledge and experience level. Rescue Divers learn to look beyond themselves and consider the safety and well being of other divers. Although this course is challenging, it is a rewarding way to build your confidence. Rescue Diver training will prepare you to prevent problems and, if necessary, manage dive emergencies. Many divers say this is the best course they've ever taken. You'll cover:

- Self-rescue and diver stress
- Emergency management and equipment
- Panicked diver response
- In-water rescue breathing protocols
- Egress (exits)
- Dive accident scenarios

Emergency First Response

Take a step toward emergency preparedness and meet PADI Rescue Diver prerequisites with Emergency First Response. As one of the foremost international CPR and first aid training companies, Emergency First Response gives you the confidence to respond to medical emergencies -- not just in the diving world, but in your every day world with your family, friends, neighbors and coworkers too.

Emergency First Response courses encompass:

- CPR for adults, children and infants
- First aid for adults, children and infants
- Automated External Defibrillator (AED) training
- The Emergency First Response Instructor and Instructor Trainer courses
